FOR LITTLE FOLKS.

A delightful occasion for the little folks, was the Halloween party given by Mrs. P. G. Franklin, Oct. 31, in celebration of her little daughter Annetta's fifth birthday.

The lawn where the little guests assembled was decorated with Halloween symbols. Paul Franklin, Jr., was very amusing as a spook.

A table was placed under a tree holding the birthday cake with five candles brightly burning. Miniature pumpkins were given as favors.

Misses Sarah Hall and Elizabeth Sorrier assisted Mrs. Franklin in serving cake and cream.

About fifty little friends were present.

SOMETIMES.

(W. T. GRANADE.)

Sometimes I go out at night an' walk around

An' look about,

Th' twinklin' stars up in th' sky

Look down on me

I almost shout!

I try to think I'm a listen' an' a lookin' at th' night

The starlit blue;

But to tell th' truth dear, deep down

I'm a-lookin' for you!

Sometimes I sit an' listen to the birds

Up in the trees

While they sing;

An' I hear th' cattle conin' home

Across th' hills,

An' up th' lane;

An' I try to make myself say: That's

What I'm a-listenin' for.

But it won't do.

Instead o' that, dear, I'm a-dreamin'.

An' a-thinkin'.

An' a-listenin' for you.

Sometimes I hear th' old songs rich

An' mellow in th' twilight,

An' I rejoice.

But I find myself a-listenin' an' a-hurtin'

In' somehow just to hear

Your voice.

Because th' old songs are th' sweetest

Of all songs o' partin' home

An' love.

I sing too.

An' while th' crowd's a-singin' Annie

Laurie, I'm a singin' an' a thinkin'.

Of you.

Sometimes I think if I had lands an'

Piles o' gold,

I'd be satisfied;

An' like th' rich I'd travel up an'

Down th' world,

In my pride.

There are a thousand things 'd please

me, so I think,

When I am blue,

But th' truth is: all that I really wish

I had.

Is you!

Aint it strange how all a fellow

wants, an' thinks,

An' dreams,

Is so quickly satisfied by th' real

things o' th' heart

It seems.

There's one thing I know, whatever

else may come my way,

This is true,

I'd be just th' happiest mortal alive

With you.

Statesboro Music Club at its October

meeting 1924.

MASQUERADE PARTY

Among the pleasant festivities of the week was a masquerade Halloween party given by Miss Marion Shuptrine, in honor of her art class and the faculty of the High school Tuesday evening. The lower floor was decorated with yellow chrysanthemums, Halloween symbols and autumn leaves, the dining table being specially attractive with a large luck cake as a center piece, beneath a chandelier of black cats.

On either side guarding the entrance was a hideous spook. At the next doorway two witty clowns, in a clever manner, received the guests.

After the crowd assembled, a rabin cortest was enjoyed by all.

Then before the fun had a chance to simmer down, one clown ushered some around to the side porch to the hut of an old witch who told their fortunes in a very unusual and magic way, while the other one had great fun as door-keeper for the Queen of Halloween's room, where the guests, one at a time, appeared before the Queen to receive her blessing.

Then came the cutting of the luck cake, containing a ring, indicating early marriage; a thimble, single blessedness, and a dime, wealth.

A delicious punch, poured from a big stone jug, was served throughout the evening.

The refreshments, consisting of chicken salad sandwiches, doughnuts, gingerbread nummies and orange sherbet were passed informally. The favors were hand-painted witch's brooms.

Fifty-five guests enjoyed the occasion.

New Figures for Old

How the Madame X Girdle Reduces Waist and Hips

SLIP into the Madame X Reducing Girdle and see how it improves your figure. Not only makes you look thinner—but gently massages away the disagreeing useless fat from waist, thighs and hips. Made of pure, live resilient rubber—the very kind prescribed by world famous athletic coaches, and worn by thousands of athletes for reducing purposes.

As cool as an ordinary corset, in the summer than any other time. Worn over the undergarment instead of corsets. Just the thing for sport wear. Back facing permits adjusting as figure becomes slender. Special open front gives perfect ease. Made of resilient Para rubber, with two pairs of garters.

GEORGIA METHODISTS ADOPT GOLDEN CROSS

NEW SOCIETY WILL CONTRIBUTE TO FUND FOR HOSPITAL WORK.

Atlanta, Ga., Nov. 11.—Plans are crystallizing in Georgia and throughout the country—wherever there are members of the Methodist church—for the annual enrollment period of the Golden Cross Society, a church-wide organization to foster and maintain hospital work. The Georgia campaign, as in many other states, will begin immediately after Thanksgiving and continue until the middle of December.

Joining the Golden Cross may be likened to joining the Red Cross or any similar organization, which has for its object the relief of sick and suffering humanity. The Golden Cross, however, uses all funds derived from membership fees solely in hospital charity work. The Golden Cross Society in Georgia will aid Wesley Memorial Hospital in Atlanta. In other states where hospitals are being built and assisted by the Methodist denomination, Golden Cross Societies will render similar aid.

Dr. C. C. Jarrell, general secretary of the General Hospital Board, of the M. E. Church, South, has just returned to Atlanta from inspection trip of Methodist hospitals and attending church conferences. He said today that construction work on hospitals in Texas and Alabama was going forward at a rapid rate. Other hospitals, one in Texas and another in Tennessee, which were well established and have been in operation for some time, are accomplishing great results, Dr. Jarrell said.

Wesley Memorial Hospital, which the Georgia Golden Cross societies will aid, is located on the campus of Emory University, in Atlanta, costing \$1,500,000. Many prominent regard it as one of the best hospitals in the South, because the people of Georgia are unable to pay their own expenses are aided through the charity work of the Golden Cross.

While the membership enrollment of the Golden Cross is largely confined to the Methodist church, Sunday schools and other organizations in the denomination, it is not limited to church membership or even the Methodist denomination. Any person, whether a church member or not, may enroll as a Golden Cross society member. The membership fees and dues going to the hospital fund. Hundreds of charitably inclined people are expected to join the Methodist movement in the campaign of 1924.

ARTIFICIAL LIGHTS INCREASE WINTER EGG PRODUCTION

Experiments during the past three years at the State College have demonstrated that artificial lights, used properly, will greatly increase winter egg production and thereby increase profits.

By lengthening the day by the use of lights, the hens are allowed time to consume a greater amount of food and therefore make more eggs.

There are three methods of using light to make the day twelve to fourteen hours long, according to J. H. Wood, professor of poultry husbandry at the State College and in charge of the experiments with artificial illumination. The first is to turn on the lights at four A. M., and allow them to remain on an hour. The second method is to use light from six A. M. and keep them on in the evening until eight o'clock. The third, called "the evening lunch method," and which has proved the most popular in the eastern states is to turn the lights on at eight in the evening and allow them to remain on until midnight.

At the College the first method has been used, and it was found that birds under light laid from thirty to sixty per cent more than birds not under light.

Prof. Wood advises the use of lights on either pullets or hens when the object is market eggs, but says they should not be used on breeders until the breeding season, and they are not generally needed in Georgia at that time. It takes about two weeks for lights to effect egg production.

INTERESTING OLD PAPER WAS RELIC AT LATE FAIR

One of the interesting relics at the recent county fair was a copy of the Excelsior News dated July 4, 1879, being No. 48, Vol. 2, of that publication (which indicates that the paper had been in existence almost two full years at the time this issue was published). The Excelsior News was the first newspaper ever published in Bulloch county, and the editor was W. L. Gieger. The editorial heading carried this information: "The following named gentlemen are our special agents, and we trust all who are indebted to us will pay the amount to the first agent he sees or send it to us by mail: T. H. Potter, Esq., Rev. L. Price, Rev. J. A. J. Smith, Rev. A. A. Andrews, Rev. John Gardner, F. R. Tarver, Rev. W. M. Cowart, Rev. G. W. Smith, Rev. J. G. Norris, Peter Johnson, Esq., C. C. Gieger, Rev. W. D. Atkinson, and Hon. H. M. Burch." The sub-heading on the front page read: "Devoted to religion, education and general interests of the country." If one may judge from the list of special agents, the religious feature of the paper was intended to predominate.

The News carried this interesting comment: "The weather is pleasant, the flies annoying, the mosquitoes terrible, the flies unreasonable, the people bilious and everybody complaining of hard times." How like somebody says in those good old days everybody was honest and there was no need for the courts. Witness this to the contrary: "Be Cautious. All persons are hereby forewarned from trading for a certain premium, because the people of Georgia, payable to Thomas Waters, given the first of January, 1875, made payable two months after date, for \$15.00, as the same, which passed out of my possession yesterday morning, has been paid. Wm. C. Street."

"Have you heard of the 'Hawthorne' company? Well, I have! The company will meet for public drill at regular drill ground, between Capt. W. D. Brannen and Mrs. Rebecca Mikell's on the 4th day of July. All the members are requested to be present, as an election for the first year is to be held. The company is the South's 'Hawthorne' company, and several prizes will be contested for, said prizes offered by the ladies. Done by order of the captain, Jas. R. Hall, Sect."

G. M. Dekle writes in this issue of a school closing at "Hawthorne" in Appling county, Georgia, on day night, the 26th ult. This school was taught by Mr. W. C. Parker, formerly of Liberty county. Judging from Mr. Parker's actions and from the closing exercises of the school, he has done his whole duty as a teacher.

"I notified five students in the school who formerly attended school in Excelsior. The exercises were opened by a speech from Col. P. H. Carter and closed by speeches from J. I. Carter and E. Grooms. The music of the occasion was furnished by Messrs. E. and A. J. Grooms, very much to the satisfaction of the audience. The students acquitted themselves nobly."

"The name of the postoffice in this place, which was formerly Red Branch, has by the proper authority, been changed to Excelsior, said change to be effective the first of this month."

"The amount collected at Poplar Head last Sabbath to aid in the building of a church house at Mt. Taber, Emanuel county, was \$15.75 cash and \$4.70 on subscription list, to the next meeting of the association."

"Mrs. Price has been suffering the most excruciating pain for several days past from a large abscess, of the carbuncle kind, on her left hand."

Other items of interest in the paper included a three column article headed "Letters by Dr. Ratcliff," and being No. 12 of the series, and another two and one-half columns in length entitled "Journeys in 1878 by G. M. Dekle, No. 12."

State matters of interest told how a horse belonged to Rev. W. A. Everett of Metter, for use at the fair, and was one of two copies which Mr. Everett of Metter, for use at the fair, years. Indeed, Mr. Everett's contribution to his own county fair at Metter the week preceding that at Statesboro included among other things, a forty-odd issues of Grier's Almanac for that many years past.

TEXAS AND WYOMING ELECT WOMEN GOVERNORS

Two women, both Democrats—"Ma" Ferguson in Texas and Mrs. Nellie T. Ross in Wyoming—have been elected governors for the first time in the country. Mrs. Nellie Taylor Ross was the Democratic candidate for Governor of Wyoming. She is the widow of Governor William B. Ross, who died on October 2.

The News carried this interesting comment: "The weather is pleasant, the flies annoying, the mosquitoes terrible, the flies unreasonable, the people bilious and everybody complaining of hard times." DELIVERIES OF PEANUTS SHOW MUCH INCREASE

Albany, Ga., Oct. 28.—Deliveries by members of the Georgia Peanut Growers Co-operative Association continue at an unusually satisfactory rate, according to officials of the co-op, which has its headquarters at Albany. Although the crop was fully two weeks later this year than it was last year, deliveries more than a week ago had passed the figures on record for the corresponding date of last year, and the week just passed had seen the margin increase. The ratio, in fact, is increasing every week, with indications of a record delivery before the end of the fall.

Payment in the shape of the first advance is still being made to the co-op's members at the rate of \$65.00 a ton, despite the fact that the market is only \$70.00 a ton. No. 1's in some places, and only about \$85.00 for top grade in the best centers. Deliveries are coming so fast now to the Peanut Association that it is called on to advance its members approximately \$25,000 a day in fact, in increasing volume. Satisfactory financial arrangements have been made by the Association to take care of these advances, association officials declared, and the arrangements were made at a low rate of interest.

Not only are the old members of the Association turning their peanuts over to the association in volume, but many landed growers who had not previously aligned themselves with the co-op are coming in daily to fix their signatures to contracts of their own volition without being asked to do so. The organization of the association included quite a good deal of new material on the board of directors, the changes being made chiefly at the request of those who had served in the past. The new president is J. Barney Averitt, and the secretary is Lewis A. Akins. The directors are J. Barney Averitt, Lewis A. Akins, W. M. Hagin, B. B. Sorrier, Dan N. Riggs, J. D. Fletcher, Pete Donaldson, A. Dorman, Hinton Booth, F. C. Parker, G. Walter Bird, G. C. Coleman, M. H. Mottell, J. A. Addison and B. Turner.

The newly chosen officers are entering upon their duties which a determination to make the fair an institution of more importance in the future. It is planned to make changes in the grounds which will to the income producing power of the property, these changes including the building of a baseball diamond and grounds for sports of various kinds. The livestock buildings will be torn away from their present location and room will be made for them in the rear of the agricultural and ladies' buildings. The grandstand will be put in repair and the grounds will be fitted up so that a better view may be had of the racing events from there. The ball park will be in the level plot directly in front of the stand. The park will be thus popularized and some little income will be derived from various sporting events which will be held there.

CLYDE MALLARD, son of Sheriff B. T. Mallard, won a blue ribbon and \$10 in cash in the boys' corn club contest at the Savannah fair. Announcement of this was made by County Agent Hillis, who received the awards yesterday from the fair management for delivery to the young man.

At the yield upon which young Mallard made his winning was 116 bushels of corn to an acre. He was also an entrant and won a prize at the Bulloch county fair upon the same record. However, his yield was thirty in the Bulloch county exhibit, the two boys who led him being brothers Lee with a yield of 136 and B. C. Motes with a yield of 140 bushels. Both these young men are entrants in the state contest of boy corn growers, and the indications are said to be that they will head the list throughout the state.

The result of the corn club work of the county under the direction of County Agent Hillis have proved that with the proper direction and under suitable conditions the young farmers of Bulloch county can teach the older ones a few points on corn production. Fifteen boys of the county corn club produced a total yield of exceeding 1,100 acres the present year, making an average of around 80 bushels to the acre. An itemized statement of the expenses of the work was kept by each boy and the figures have disclosed that there is handsome profit in applying plenty of fertilizer to corn.

RED CROSS ROLL CALL WILL BEGIN MONDAY NEXT

The annual Red Cross roll call will be inaugurated for Bulloch county commencing Monday, November 17th. This work is intended to include the entire county, and persons who desire to participate may leave their membership with either of the banks in the county—At Statesboro, Brooklet, Port and Register. At Stillson, Mr. J. W. Uchuhun will accept memberships, a Ivanhoe Miss Anna Cone, and at Navils Dr. C. E. Stapleton.

An active local campaign will be conducted in Statesboro. Mr. Chas. Pigue is chairman of the roll call.

ORGANIZING AGRICULTURE TOBACCO CROP IN BULLOCH

Considerable activity is reported in the organization of tobacco growing throughout the county. E. G. Cromwell, recently from Jeff Davis county where he had experience in the growing of the crop, has been signing up acreage for a club of which he will be supervisor, and is reported to have something like 200 acres on his list. Others have club under way. It is said, and the prospect is good for five or six hundred acres in the county the present year.

FAIR ASSOCIATION HAS ANNUAL ELECTION

REPORT FOR YEAR SHOWS EIGHT FAIR WAS OPERATED AT SLIGHT PROFIT.

The annual meeting of the stockholders of the Bulloch County Fair Association was held Saturday, at which time a report of the year's operations was submitted by the secretary and directors were chosen for the coming year.

The report showed a slight profit from the recent fair, the outstanding indebtedness having been reduced by approximately \$200. The receipts from all sources were around \$5,000, something like \$3,000 of which represented gate receipts. Because of the inclement weather on the last day, Saturday, there was a very small attendance; however the rain insurance offset any loss from that source, there having been received \$500 on account of rain.

The stockholders decided to hold the fair two weeks earlier the coming year in order to avoid conflict with the session of superior court. It was also voted to discontinue horse racing and substitute automobile racing as a drawing card. It was made apparent that the expenses of the recent fair had been very small, but were actually run at a loss.

The reorganization of the association included quite a good deal of new material on the board of directors, the changes being made chiefly at the request of those who had served in the past. The new president is J. Barney Averitt, and the secretary is Lewis A. Akins. The directors are J. Barney Averitt, Lewis A. Akins, W. M. Hagin, B. B. Sorrier, Dan N. Riggs, J. D. Fletcher, Pete Donaldson, A. Dorman, Hinton Booth, F. C. Parker, G. Walter Bird, G. C. Coleman, M. H. Mottell, J. A. Addison and B. Turner.

NEGRO HIGH SCHOOL DESTROYED BY FLAMES

Two buildings belonging to the Statesboro High Industrial colored school and used for the classes, were destroyed Monday night by fire which originated about midnight. It was in the second story of the old building that the flames were first discovered, and the building was so far gone that the fire extended to the new structure before it could be brought under control. Though the fire department quickly responded to the call, both buildings were destroyed. The dormitory on the same lot, and standing only a few yards from the old building, was saved.

William James is head of the school and has been for the past twenty years or more. He has given much effort to the building up of a high school which is a credit to the community, having received liberal aid from many northern sources as well as from home friends. Though the loss of the building has proved a severe blow to his work, he has not been thrown off his feet and will begin at once plans for the rebuilding of more modern structures. The school is under the city school system and the new building was erected prior to November 1. This compares with 12,698 for the corresponding period of last year, a gain of 8,796.

Gin figures for Nov. 1.

Gin figures for the county, compiled by M. R. Olliff, reporter, show a total of 21,944 bales ginned prior to November 1. This compares with 12,698 for the corresponding period of last year, a gain of 8,796.

FINANCIAL STATEMENTS OF THE BULLOCH COUNTY FAIR

CLYDE MALLARD, son of Sheriff B. T. Mallard, won a blue ribbon and \$10 in cash in the boys' corn club contest at the Savannah fair. Announcement of this was made by County Agent Hillis, who received the awards yesterday from the fair management for delivery to the young man.

At the yield upon which young Mallard made his winning was 116 bushels of corn to an acre. He was also an entrant and won a prize at the Bulloch county fair upon the same record. However, his yield was thirty in the Bulloch county exhibit, the two boys who led him being brothers Lee with a yield of 136 and B. C. Motes with a yield of 140 bushels. Both these young men are entrants in the state contest of boy corn growers, and the indications are said to be that they will head the list throughout the state.

The result of the corn club work of the county under the direction of County Agent Hillis have proved that with the proper direction and under suitable conditions the young farmers of Bulloch county can teach the older ones a few points on corn production. Fifteen boys of the county corn club produced a total yield of exceeding 1,100 acres the present year, making an average of around 80 bushels to the acre. An itemized statement of the expenses of the work was kept by each boy and the figures have disclosed that there is handsome profit in applying plenty of fertilizer to corn.

RED CROSS ROLL CALL WILL BEGIN MONDAY NEXT

The annual Red Cross roll call will be inaugurated for Bulloch county commencing Monday, November 17th. This work is intended to include the entire county, and persons who desire to participate may leave their membership with either of the banks in the county—At Statesboro, Brooklet, Port and Register. At Stillson, Mr. J. W. Uchuhun will accept memberships, a Ivanhoe Miss Anna Cone, and at Navils Dr. C. E. Stapleton.

An active local campaign will be conducted in Statesboro. Mr. Chas. Pigue is chairman of the roll call.

ORGANIZING AGRICULTURE TOBACCO CROP IN BULLOCH

Considerable activity is reported in the organization of tobacco growing throughout the county. E. G. Cromwell, recently from Jeff Davis county where he had experience in the growing of the crop, has been signing up acreage for a club of which he will be supervisor, and is reported to have something like 200 acres on his list. Others have club under way. It is said, and the prospect is good for five or six hundred acres in the county the present year.

WE CAN'T FORGET.
Even with politics, harvest, preparations for winter and a series of minor matters to think of and attend to, the average Statesboro citizen is not going to forget that we are back again to the month that meant so much to the world in the year 1918. We have much to occupy our attention, but much to occupy our memory, too. We never so much but we can remember that it is of the month of November that we have the anniversary of the great battle of November 11, 1918.

We have many here in our midst who have lived through the war. They have seen the world in a different light. They have seen the world in a different light. They have seen the world in a different light.

IF THE EDITORS NEVER LIED
A short time ago a Kentucky editor became tired of being called a liar, so he decided to print one issue containing nothing but the truth. He offered his life for it, and for a chance to earn the living to which he was entitled. They will always have a chance to earn the living to which they are entitled.

WE'RE GETTING WISER
There is one thing this country has learned within the past century or so, and that is no matter who is elected president the nation isn't going to be used for bouffies, and anarchy is not going to leave its bloody footprints on our doorsteps.

What has become of the old-fashioned Statesboro man who used to refer to his wife as the "old hen."

How does it come that officials of the law can't discover fake stocks when the suckers can find them so easily?

Nature made one grand mistake when she didn't fix it so a swelled head would be as painful as a sore thumb.

What the Japanese need is a problem like bobbed hair to take their mind off of the American immigration question.

The man who feels he's too big to have his neighbors call him by his first name is too big to be of any use to his community.

How much longer will a lot of our people continue to believe that a diploma from a school will make a smart man out of a fool?

All the old customs are fast disappearing. You seldom see a Statesboro merchant stick a potato on the spout of a coal oil can.

With bootleggers reported making elaborate preparations for the Christmas trade the corners ought to be prepared for a rushing business.

According to reports, all a married couple has to do in Russia to get a divorce is to agree. All an American couple has to do is to disagree, and that's easier.

Dancing styles change so rapidly nowadays that any Statesboro man with two feet can step out on the floor and claim that he is going some, thing new.

It is a doctor wants to win fame and fortune let him invent something to prevent a Ford car from shaking with severe illness when it is at a stop with the engine running.

A lot of people around Statesboro are willing to give Rockefeller's money to the poor, but it makes them a lot of debt, to show for it. This is a good time to show how a little of it is always going to come easy. As a result the boom came off and they haven't anything except possibly a lot of debt, to show for it. This is a good time to show how a little of it is always going to come easy.

We are now located between rap-rap-McKell Co., and Jones Shown, where we would be pleased to have all of our old friends and customers as well as new ones call on us as at any time.

SHALL THERE BE FEDERAL CONTROL ON COOPERATIVES

"Cooperative associations have come to a time when they must determine whether they will accept Federal control of their organization or shall continue to insist upon strict control by farmer members." This is the assertion of Walton Peltier, secretary of the National Council of Farmers' Cooperative Marketing Associations. He points out that the subject of bills dealing with the cooperatives is now before Congress and that the cooperatives must make their wishes known after Congress convenes this winter.

Because of the importance of the problem, the National Council has called a national cooperative marketing conference at Washington, D. C., Jan. 5 to 8. Here the cooperative policy to formulate a wise legislative program and present a united front to Congress.

"Within recent years," Peltier declares in commenting on the move to place cooperatives through Federal control legislation, "cooperative marketing associations have aroused not only farmers but dealers and the general public to the importance of the marketing costs, processes and methods. The result is that while farmers have been going ahead organizing cooperatives, dealers and other business men have been laying plans to deal with the cooperatives, some friendly and some unfriendly."

"It is now universally recognized that if left alone farmers will go on organizing until their cooperatives become large and powerful forces in the business life of the nation, displacing many existing agencies, channels of a useless and speculative character. It is, therefore, not surprising that the aid of the government should be invoked and that many bills should be offered in Congress to establish official control and supervision of the cooperative movement."

Some of the bills now at hand helping cooperation others would throttle and destroy it. Why is it that when you have an umbrella that isn't broken and that can be used, it's always at the other end of the line when it rains.

NEW BUSINESS COLLEGE TO OPEN IN STATESBORO

Attention is called to the advertisement in this issue of the Statesboro News. The president, Mr. F. M. Waters, informs us that he will be in position to give a complete business course at a minimum cost. He has had considerable experience in teaching these subjects as well as several years experience in bookkeeping and accounting work in several large wholesale and retail establishments and with the U. S. Government at Washington, D. C. Anyone interested in such a course will do well to see him.

Mr. Waters is also prepared to do bookkeeping, auditing and income tax work.

DOING HIS DUTY
"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. I was always tired and nervous, unable to help me. The first dose of May's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers."

A simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. W. H. Ellis Drug Co., and drug stores everywhere.—Adv.

PARTIES FOR MISS BLITCH

Tuesday morning Miss Annie Brooks Grimes entertained with a table of bridge for Miss Lucy Blitch, a lovely bottle of perfume was presented to the bride. Mrs. Frank Simmons made top score.

Those playing were Miss Lila Blitch, Mrs. Frank Simmons, Mrs. Edwin Groover and Miss Lucy Blitch. A dainty salad course was served.

Last Friday afternoon Miss Lucy Blitch was the honor guest at a lovely reception given by Mrs. J. L. Matthews and Mrs. C. P. Olliff at the handsome home of Mrs. Matthews on North Main street.

The spacious lower floor was thrown open for the occasion, and a profusion of yellow and white chrysanthemums added to the attractiveness of the rooms.

Upon arriving the guests were met by Mrs. John Kennedy and presented to the receiving line. In the receiving line were Mrs. J. L. Matthews, Mrs. C. P. Olliff, Miss Lucy Blitch, Mrs. S. B. Kennedy and Mrs. Chas. Matthews.

Mrs. Irman Foy directed the guests to the dining room where a salad course was served by Mesdames Dan Lester, Homer Parker, and M. E. Grimes and Miss Ulma Olliff, with Mrs. F. N. Grimes presiding over the tea table, which was overlaid with an exquisite lace cover and had as its central decoration a silver basket filled with yellow and white chrysanthemums. Placed at intervals were silver candlesticks holding unshaded tapers of yellow and white, and bon bon dishes filled with yellow and white mints.

Mr. and Mrs. W. E. Brunson, Miss Alma, Carlos, and Little W. E. Jr., of Reister spent a few days last week in Savannah, the guests of Mr. and Mrs. J. H. Bowen.

Mr. and Mrs. W. E. Brunson, Miss Alma, Carlos, and Little W. E. Jr., of Reister spent a few days last week in Savannah, the guests of Mr. and Mrs. J. H. Bowen.

Mrs. Brooks Simmons was a charming hostess on Monday afternoon when she entertained at bridge honoring Miss Lucy Blitch, a bride-elect of the week.

An abundance of yellow and white chrysanthemums were used throughout the lower floor where five tables were placed for the players. The gift to the bride was six dainty linen tea napkins. Miss Elma Wimberly making top score was presented with a bottle of perfume. A delicious salad course was served.

Mrs. H. P. Jones favored Miss Lucy Blitch with a bridge and rump party last Thursday afternoon. Quantities of pink roses added charm to the room where eight tables were arranged for the game.

The bride was presented with a dainty hand-made dresser scarf. Mrs. W. H. Kennedy and Mrs. E. A. Smith assisted Mrs. Jones in entertaining and serving a dainty salad course.

One of the lovely affairs given for Miss Lucy Blitch, a popular bride-elect, was the bridge luncheon on Thursday, with Mrs. Irman Foy as hostess.

The rooms were tastefully decorated with yellow and white chrysanthemums, while on each table was placed a bud vase filled with Killarney roses. The place cards were miniature brides, holding bouquets of orange blossom. Luncheon was served in five courses. A dainty old-fashioned girl boulevard lamp was the gift to the bride.

Miss Blitch was a becoming frock of blue bengaline with trimming of squirrel. The guests present were Mesdames Edwin Groover, J. O. Johnston, Bruce Olliff, Frank Simmons, W. D. Hills, H. P. Jones, Barney Averitt, J. L. Matthews, C. P. Olliff, Joe Watson, Brooks Simmons, Sidney Smith, C. B. Matthews, Cecil Brannen and Misses Georgia Blitch Ulma Olliff, and Annie Smith.

Among the lovely parties given for Miss Lucy Blitch was the buffet supper last Friday evening with Mrs. Chas. Pigue as hostess.

Dinner was served in six courses. Mrs. Pigue was assisted in entertaining by Miss Ruth McDougald.

Covers were laid for Mr. and Mrs. Frank Simmons, Mr. and Mrs. Bruce Olliff, Mr. and Mrs. Irman Foy, and Mrs. Cecil Brannen, Mr. and Mrs. Harvey Brannen, Misses Lucy Blitch and Georgia Blitch, Messrs. Cecil Kennedy and J. H. Brett.

Tuesday evening Miss Lila Blitch most delightfully entertained the bridal party. It being armistice day, patriotic colors were used as decorations. After many amusing games, dainty refreshments were served.

An interesting social event of the week was the bridal luncheon given by Mrs. C. Z. Donaldson complementing Miss Lucy Blitch.

The color scheme of yellow and white was carried out in the favors and place cards, which were tiny bars, kept filled with silver kisses.

Cut glass candle sticks holding yellow tapers threw a soft glow over the rooms where the tables were placed. The guest invited were Mesdames Irman Foy, Barney Averitt, Geo. P. Donaldson, Fred Fletcher, H. P. Jones, and Misses Ulma Olliff, and Georgia Blitch.

STATESBORO BOY BITTEN BY SPIDER

(Morning News)

B. B. Freeman, a regular end on the Georgia Normal football team, is still suffering from a spider bite which he received Saturday afternoon. He has been confined to his bed since about 5 o'clock Saturday. The poison taking effect immediately and reaching a state in about forty-five minutes that sent the victim to bed in intense pain.

Freeman first complained of pains in his stomach, and a little later the pain shifted to his back and kidneys and then to his legs. It was thought at first that the bite was of little consequence and that the boy would be easy in about four hours, the usual time required for spider poison to run its course. He suffered much pain throughout the night, however, and all through Sunday. He is still in bed today although he is easier and the pain has left all his body, except his legs.

The spider which inflicted the bite was a small unidentified specimen, about the size of a shoe button, and coal black in color. It crawled into Freeman's football pants during the day and when the pants were put on preparatory for the afternoon practice the insect inflicted the bite. Freeman states that the bite was scarcely noticeable at the time and that he thought nothing about it. After he had been on the field a few minutes his leg began to swell and pain him. He reported to his coach and was allowed to go to his room in the dormitory. In a short time he was suffering intensely. No other spiders of this kind are known to have been seen at the school.

Drain submitted to the White House the Legion's legislative program, the principal points in which were:

Universal draft in time of war, conscription of labor and money as well as men.

Retention of disabled volunteer World War officers on the same terms as regular Army officers are now retired.

Completion of the government's hospital building program calling for 7,615 additional beds.

Nineteen specific amendments to the Reed-Johnson bill relating to care of the disabled.

In addition to the foregoing, the Legion recommended:

Restoration of General John J. Pershing to the active list of the Army.

Liberal appropriations for the air service.

Maintenance of the 5-5-3 Navy, and elevation of the gun turret on American battleships.

No liberalization of existing immigration restrictions.

President Coolidge will consider the Legion's recommendations in drafting his forthcoming message to Congress.

BOY SHOT DEAD WHEN AUTO KILLS DOG

Knoxville, Tenn., Nov. 17.—Rose Hobbs, 3 year old, was dead here Monday, the result of a gunshot wound received when a shot was fired into the Hobbs' automobile.

Late Saturday afternoon the Hobbs family were riding through the country several miles from town, when the machine accidentally ran down and killed a dog. Sam and Buck Lee, members of a hunting party, are in jail charged with the shooting.

The hunters, officers said, became enraged when the dog was killed, and opened fire point-blank into the automobile where the entire Hobbs family sat. The greater part of the charge from the shotgun entered the boy's head.

Georgia PIN'S MAY BE MADE INTO NEWSPRINT

Atlanta, Ga., Nov. 18.—A fine quality of Georgia pine, now being made from the short leaf and long leaf yellow pine, thus illustrating the possibilities of paper making in the Southern states, is pointed out here today by experts. One of these plants is located near Monroe, La.

According to C. B. Harman, treasurer of the Georgia Forestry Association, newspaper print made of Southern wood is a matter of only a short time and a few more experiments or researches. It can be made here, he says, but the process is too expensive. He asserts that growing timber in Georgia is now one of the state's best prospects.

Georgia capitalists, it was stated here today, have already installed machinery for a large plant at Douglas, Ga., which will make use of pine stumps, squeezing the turpentine from the stumps and using the wood pulp for making kraft paper.

Millions of pine stumps in South Georgia, it was stated, will provide material for the company manufacture, turning the turpentine and paper for many years to come.

CARD OF THANKS

We wish to thank our friends for their kindness during the sickness and death of our husband and father, and especially Dr. Ben Deal for his untiring services; also for the beautiful flowers. May God add his blessings to all our loving friends.

LEGION HEAD TELLS AMBITION WHAT IS EXPECTED OF CONGRESS.

Washington, Nov. 17.—What the war veterans want at the session of Congress which begins two weeks from Monday was laid before President Coolidge by James A. Drain, national commander of the American Legion, Monday.

Drain submitted to the White House the Legion's legislative program, the principal points in which were:

Universal draft in time of war, conscription of labor and money as well as men.

Retention of disabled volunteer World War officers on the same terms as regular Army officers are now retired.

Completion of the government's hospital building program calling for 7,615 additional beds.
